- Developing marketing and trading in midstream.

## Daily Agenda :

### Day One: Midstream Overview:

- What is Midstream?
- Midstream asset and product flow.
- Midstream market environment.
- The key midstream business characteristics.
- The components of the midstream business.

### Day Two: Midstream Facilities:

- Crude oil gathering.
- Natural gas gathering.
- Gas plant.
- Gas processing.
- Sales gas specifications.

### Day Three: Pipeline Infrastructure:

- Pipelines.
- Pipeline terminal.
- Gas Pipelines.
- Liquid pipelines.
- Pipeline management, control and safety.

### Day Four: Storage and transportation:

- Storage oil facilities and operations.
- Storage natural facilities and operations.
- Pipelines transport.
- Rail transport.
- Marine transport.

### Day Five: Marketing and Trading:

- Crude oil and natural gas marketing.
- Crude Oil and natural gas trading.
- Liquefied natural gas operation and market.
- Evolution of the master limited partnership.
- Midstream trends and forecast.
