Strategic Governance with Risk Management
and Compliance Initiatives GRC

Strategic Governance with Risk Management and Compliance Initiatives GRC

Introduction:

This course on governance, risk, and compliance GRC is intended to provide you the skills you need to efficiently plan and improve integrated GRC activities throughout your business. Additionally, it provides you with the knowledge and skills necessary to comprehend your company's obligations, reduce risk, and put a suitable management structure in place for when a problem emerges.

Program Objectives:

At the end of this program the participants will be able to:

- Understand the principles of Governance, Risk Management, and Compliance GRC within the regulatory context.
- Recognize that effective regulatory compliance risk management underpins governance.
- Identify high-risk regions within the organization and employ risk-based thinking.
- Define the responsibilities of the compliance officer and their team.
- Develop and execute a strategic plan for GRC, implementing efficient procedures.
- Utilize a risk-based auditing methodology to ensure effective governance, risk management, and compliance measures.

Targeted Audience:

- Executives and Board Members.
- Compliance Officers / Managers and their Deputies.
- GRC Professionals and Legal Professionals.
- Regulatory Representatives.
- Company Secretaries, Governance Professionals and Risk Managers.
- Internal Auditors.
