Advanced Course: Investment Management

REF: F160 DATE: 4 - 15 November 2024 Venue: London (UK) - Landmark Office Space Fee: 7950 Euro

Introduction:

Never before have financial issues been so often been the headline news. It is therefore crucial that today's business professionals expand their financial knowledge to allow them to contribute to daily decisions and debates. This course is designed specifically for non-financial personnel; this intensive seminar educates and informs delegates of the key financial markets/products/risks and hazards.

Course Objectives:

At the end of this course the participants will be able to:

- Know what are the major market indices and how are they linked?
- Know what is meant by a dual listing?
- How is a forward rate determined?
- Profit from interest differentials?
- Know what's the role of correlation in reducing risk?
- Know how do I judge whether my performance in the market is good or bad?
- Know what are futures and options?
- Know how can futures and options be used to protect the value of my portfolio?
- Know what is meant by spread trading?
- Know what is the role of bonds in a portfolio?
- Know the difference between fundamental and technical analysis.

Targeted Audience:

- Experienced finance managers wishing to update their knowledge
