International Law Essentials

REF: U2124 DATE: 16 - 20 September 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

Introduction:

International law is a set of rules and principles that are recognized and enforced by countries across the world. It provides a framework for international relations and helps regulate the behavior of states and other international actors. This 5-day training course on International Law Essentials will provide participants with an in-depth understanding of the key concepts and principles of international law and its role in the world today.

Course Objectives:

At the end of this course, the participants will be able to:

- Provide participants with a comprehensive understanding of the history and development of international law.
- Equip participants with a thorough understanding of the sources of international law, including treaties, customary law, and general principles of law.
- Explore the key principles and rules of international law, including jurisdiction, state sovereignty, human rights, and the law of the sea.
- Examine the role of international courts and tribunals in the enforcement and interpretation of international law.
- Provide participants with practical skills for applying international law in real-world situations.

Targeted Audience:

- This course is designed for lawyers, government officials, international organizations, business professionals, and anyone with an interest in international law and its impact on global relations.
