Supply Market Analysis

REF: L2067 DATE: 7 - 11 October 2024 Venue: London (UK) - Landmark Office Space Fee: 5850 Euro

Introduction

You will receive the supply market analysis tools, resources, and best practices you need to comprehend the market in which suppliers operate by taking this highly interactive GLOMACS Supply Market Analysis training course. The industry of your supplier is revealed through a supply market analysis study.

Organizations can use the analysis to gain a thorough understanding of the major trends, market participants, and market dynamics that may have an impact on how the commodity strategy is developed, such as the route to market and letting strategy. Supply Market Analysis considerably lowers overall procurement costs and gives an organization a competitive edge in the market.

Course Objectives

At the end of this course, participants will be able to:

- Find strategies to influence markets to significantly enhance cost, value, and risk.
- Utilize market information to increase the value of deals
- Develop your knowledge of market forces and economics
- Utilize market expertise to show commercial savvy and instill confidence when negotiating with suppliers about purchases.

Targeted Audience

- Contracts, Purchasing, and Procurement Personnel
- Project, Engineering, Operational, and Maintenance, personnel who are involved in the planning, and execution of purchases and contracts
