Advanced Selection, Interviewing & Recruitment Skills

REF: H202 DATE: 9 - 13 December 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

In today's business world, Interviewing has been identified as a critical management skill. Proven results have concluded that the "Old Style" interview is a failure. Published results show it's less than 1.5% likely to be successful. The new approach to interviewing is to use the behavioral approach - as recommended by psychologists. The approach once mastered will transform your ability to interview effectively. Also featured in this advanced program will be explanations and demonstrations of psychometric tests and personality questionnaires. This technique - once mastered can be used for appraisal and disciplinary interviews.

Course Objectives:

At the end of this course the participants will be able to:

- Recognize the complexities of recruitment and selection in today's modern environment
- Understand and be able to implement the new recruitment and selection process
- Identify and write recruitment criteria for use in advertising, shortlisting, and constructing effective interview questions.
- Explain to others how the new process will save time and increase dramatically interviewing effectiveness.
- Consider the concept of and know when to use testing, and personality questionnaires and when assessment centers are appropriate.
- Design and use the two-step questioning technique which has numeric scoring.
- Experience the new complete interview process
- Maximize time, effort and costs and effectiveness of the recruitment procedure
- Utilize existing information to construct high-quality interview questions that are scoreable
- Develop personal action plans for improvement - particularly the balanced score method and the new behavioral questioning system
