Leadership Strategic Practical Skills, Planning and Crisis Management

REF: ST1313 DATE: 17 - 21 June 2024 Venue: Paris (France) - Fee: 5940 Euro

Introduction:

Recession, globalization, cheaper technology, and crises in financial markets are just a few of the causes of enormous change in the business world. A business that stands still will fail and so it becomes imperative to be able to recognize what drives change in our businesses and how to lead and manage the change which must inevitably occur.

Course Objectives:

At the end of this course the participants will be able to:

- Understand the business drivers for change.
- Know the best time to make changes.
- Know how to prepare the organization for change.
- Understand the psychology of change, what motivates people, how they will react to change, and how to manage those reactions.
- Manage both the corporate and national cultural aspects of change.
- Produce stakeholder value through change.
- Apply a range of analytical tools to assist at each stage in change.
- Know how to communicate change effectively.

Targeted Audience:

- Professionals wanting to gain leadership capabilities
- Professionals who need strategic thinking skills
- Professionals wanting a refresher in leadership and strategy
- Professionals with aspirations to become senior leaders
- Heads of department and project leads
