Strategy & Strategic Planning

REF: C643 DATE: 25 November - 6 December 2024 Venue: London (UK) - Landmark Office Space Fee: 8775 Euro

Introduction:

This conference is designed to provide leaders and professionals with a set of transformational tools and techniques to help them maximize their own and their team's creative potential in a strategic context. Its starting-point is self-discovery: participants will work on the inside first and then focus outwards to impact the world of business.

The focus of the first week of this 2-week conference will be on thinking in different ways. Participants should be prepared to move out of their comfort zone and experiment with new ways of creating and communicating an inspiring leadership vision.

The second week helps demystify the frequently-misunderstood concept of "strategy". Whilst focusing on the analytical disciplines on which a successful strategy is based, it centers on strategic planning as a value-adding process that harnesses the leader's and the team's ability to combine analysis with creative thinking and enables ideas and plans to be nurtured through to reality.
