Measuring & Maximising Training ROI

REF: H215 DATE: 15 - 19 July 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

Training can have a strategic impact on an organization yet many organizations do not know or understand if they are receiving value for their investment in training. This training is designed to demonstrate that training has a strategic role and will demonstrate how organizations can obtain greater value from their investment in training

Course Objectives:

At the end of this course the participants will be able to:

- Understand the issues related to measuring and maximizing training return on investment at both a strategic and operating level.
- Plan, organize and deliver training programs and events which are relevant to and will contribute to the attainment of the organization's strategic objectives.
- Demonstrate and be able to make the business case for specific training programs and events and therefore be able to justify training related expenditure.
- Understand and be able to implement the techniques applicable to identifying and delivering relevant training needs.
- Describe best practices concerning employee development and therefore contribute to the achievement of competitive edge by improving employee retention rates.
- Monitor and review the effectiveness and impact of the training spend and as a result be able to apply measures to training-related processes.
