Fundamentals of Value Added Tax VAT

REF: TR1631 DATE: 30 September - 4 October 2024 Venue: Bangkok (Thailand) - JW Marriott Bangkok Fee: 6960 Euro

Introduction:

This training program provides essential knowledge on VAT principles, implementation, and compliance. Participants learn about taxable transactions, input tax deductions, and regulatory obligations through interactive modules and case studies, gaining practical skills to manage VAT effectively.

Program Objectives:

At the end of this program, the participants will be able to:

- Identify the advantages and disadvantages of a VAT type of tax and how it fits into the tax mix of states around the world.
- Recognize how VAT operates, particularly in respect of output tax and input tax, in such a way that it remains neutral in its application by businesses.
- Identify how VAT applies to supplies of both goods and services, including when provided electronically and to international transactions.
- Apply the concept of the taxable person, EU VAT group, and fixed establishment, according to the recent ECJ decisions.
- Interpret how VAT works within the European Union's free market, including the measures introduced to address the impact of COVID-19 and the new VAT e-commerce rules.
- Define how the system allows for neutrality by ensuring that imports and exports are neither advantaged nor disadvantaged over domestic supplies.
- Identify the impact of exemption in VAT and how tax is calculated by businesses that deal in exempt supplies.
- Categorize some of the more important administrative issues that VAT requires.

Targeted Audience:

- Finance managers.
- Accountants.
- Accounts staff.
- Staff members with responsible for the financial and legislative obligations of their organization.

Program Outlines:

Unit 1:
