Business Continuity

REF: M1703 DATE: 9 - 13 September 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

The Business Continuity training program is designed to equip participants with the knowledge and skills necessary to prepare for and respond to disruptions within their organizations. Through a structured curriculum, participants learn to develop and implement robust continuity plans, mitigate risks, and ensure business operations can resume swiftly after unforeseen events.

Program Objectives:

At the end of this program, the participants will be able to:

- Implement effective partner selection processes and conduct comprehensive risk assessments to identify potential threats.
- Develop and execute business continuity strategies aligned with the organization's objectives.
- Understand the business continuity management lifecycle and its various components.
- Optimize costs associated with business continuity planning and management.
- Ensure the organization maintains up-to-date copies of critical data and implements robust response strategies.
- Monitor and evaluate the effectiveness of implemented business continuity measures.
- Continuously adapt and refine business continuity plans based on evaluation findings to enhance organizational resilience.
