

ISO/IEC 20000 Lead Implementer

6 - 10 May 2024
London (UK)
Landmark Office Space

ISO/IEC 20000 Lead Implementer

REF: B2392 DATE: 6 - 10 May 2024 Venue: London (UK) - Landmark Office Space Fee: 5850 Euro

Introduction:

In today's fast-paced and technology-driven business environment, the effective management of IT services is crucial for the success of any organization. ISO/IEC 20000 is the international standard that sets out the requirements for a service management system, helping organizations deliver high-quality IT services while maintaining cost-efficiency. The ISO/IEC 20000 Lead Implementer Training is a comprehensive 5-day program designed to equip participants with the knowledge and skills needed to implement and manage an ISO/IEC 20000-compliant service management system effectively.

Course Objectives:

At the end of this course the participants will be able to:

- Understand the principles and key concepts of ISO/IEC 20000.
- Implement a service management system aligned with ISO/IEC 20000 requirements.
- Lead the planning and execution of ISO/IEC 20000 certification initiatives.
- Establish and maintain effective service management processes.
- Ensure continual improvement of IT service delivery.
- Develop the necessary skills to successfully manage service providers and customer relationships.
- Prepare for ISO/IEC 20000 Lead Implementer certification.

Targeted Audience:

- IT Managers and Directors
- Service Managers
- IT Governance Professionals
- Process Owners
- Quality Managers
- Consultants and Auditors
- Anyone involved in the planning and implementation of IT service management systems
