Chief Risk Officer Program

REF: RC1941 DATE: 11 - 15 August 2024 Venue: Amman (Jordan) - ibis Amman Fee: 3350 Euro

Introduction:

In the ever-evolving landscape of business, effective risk management stands as a cornerstone of organizational success. The Chief Risk Officer Program emerges as a vital initiative, aiming to groom leaders equipped to navigate the complexities of risk in today's dynamic environment. It delves deep into the realms of risk identification, assessment, and mitigation strategies, preparing participants for the pivotal role of a Chief Risk Officer. Through a blend of theoretical frameworks and practical insights, this program empowers aspiring CROs with the expertise to steer organizations through uncertain terrain.

Program Objectives:

By the end of this program, participants will be able to:

- Equip participants with advanced knowledge and skills for the Chief Risk Officer role.
- Provide comprehensive understanding of risk management frameworks.
- Foster strategic thinking in navigating complex risk landscapes.
- Cultivate leadership qualities for effective risk management.
- Prepare for driving organizational resilience through proactive strategies.

Target Audience:

- Aspiring Chief Risk Officers.
- Senior executives overseeing risk management.
- Compliance officers seeking expertise.
- Board members interested in strategic risk management.
- Professionals transitioning to risk management leadership.

Program Outlines:

Unit 1.

Strategic Risk Management Principles:

- Overview of strategic risk management concepts and frameworks.

- Alignment of risk management strategies with organizational goals and objectives.
- Development of risk appetite frameworks and risk tolerance thresholds.
- Techniques for assessing and prioritizing strategic risks.
