17 - 21 June 2024
Kuala Lumpur (Malaysia)

Investment Management

REF: C583 DATE: 17 - 21 June 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5850 Euro

Introduction:

Never before have financial issues been so often been the headline news. It is therefore crucial that today's business professionals expand their financial knowledge to allow them to contribute to daily decisions and debates.

This conference is designed specifically for non-financial personnel; this intensive seminar educates and informs delegates of the key financial markets/products/risks and hazards.

Conference Objectives:

At the end of this conference the participants will be able to:

- What are the major market indices and how are they linked?
- What is meant by a dual listing?
- How is a forward rate determined?
- Can I profit from interest differentials?
- What is the role of correlation in reducing risk?
- How do I judge whether my performance in the market is good or bad?
- What are futures and options?
- How can futures and options be used to protect the value of my portfolio?
- What is meant by spread trading?
- What is the role of bonds in a portfolio?
- The difference between fundamental and technical analysis.

Targeted Audience:

- Experienced finance managers wishing to update their knowledge
- Early-career financial analysts wishing to accelerate their progress
- Planning managers responsible for evaluating new opportunities
- Supply chain and logistics specialists
- Research and development scientists and engineers
- Human resource and organizational development staff
