ISPS Port Facility Security Officer

8 - 12 September 2024  
Cairo (Egypt)

# ISPS Port Facility Security Officer

REF: D1329 DATE: 8 - 12 September 2024 Venue: Cairo (Egypt) - Fee: 4465 Euro

## Introduction:

The ISPS Port Facility Security Officer PFSO program trains individuals to manage security within port facilities, covering regulations, risk assessment, and crisis management for ISPS Code compliance. Participants are prepared to fulfill the PFSO role effectively and implement security measures.

## Program Objectives:

At the end of this program the participants will be able to:

- Define the nature of their facility and how they are affected by the requirements of the ISPS code.
- Identify the mandatory and guidance regulations of the ISPS code.
- Develop risk assessment tools for the Port Facility Security Assessment PFSA.
- Construct the 3 levels of the Port Facility Security Plan PFSP with enhanced knowledge of security issues.
- Effectively operate and interact with the port facility security plan with the ship's security officer and ship master.

## Targeted Audience:

- Security personnel.
- Port managers.
- Designated security officers.
- Individuals tasked with overseeing security within port facilities.
