Process Safety Management Compliance

REF: C638 DATE: 18 - 22 August 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 4095 Euro

Introduction:

Most Process Organisations have implemented an integrated approach to managing health, safety, and environmental [HSE] risks through an HSE Management System. This program aims to highlight the benefits of such a system and its elements, based on industry best practice. This program is designed to help delegates to demonstrate compliance with the organization's HSE Management System, special focus is on risk management and promoting a positive safety culture

Conference Objectives:

At the end of this conference the participants will be able to:

- Describe the company's HSE Management Systems
- How to demonstrate compliance with elements, sub-elements, and expectations of the HSE- MS
- Understand the role of risk management in terms of risk assessment and incident investigation and analysis
- Appreciate the role of human error in risk assessment and contribution to incidents
- Identify weaknesses in the HSE- MS through analysis of root-causes for incidents
- Learn how to be familiar with the requirements of HSG65, BS 8800, OHSAS 18000, ISO 9000, and ISO 14000
- Prepare action plans, setting targets, and measuring performance
- Appreciate the value of promoting positive safety culture within your organization
