Rise Of Crypto Trading Market

REF: B1742 DATE: 1 - 5 September 2024 Venue: Amman (Jordan) - ibis Amman Fee: 3900 Euro

Introduction

Cryptocurrency is a digital currency that uses cryptography for security. The primary uses of cryptocurrency are to buy and sell goods, but they can't be redeemed for other commodities like gold. Cryptocurrency transactions take place online, unlike traditional currencies.

Course Objectives

At the end of the course, participants will be able to:

- 5 Tips to master cryptocurrency
- Focus on Liquid Currencies
- Trade, Do Not Gamble
- Buy the Strength, Sell the Weakness
- Ensure Due Diligence for Lower-Priced Cryptos
- Keep Emotions in Check.
