Project Leadership

REF: P310 DATE: 17 - 21 June 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

The Project Leadership program equips participants with essential skills for effective leadership in project management. It focuses on inspiring teams, overcoming challenges, and driving project success. Through practical exercises and theoretical insights, individuals gain the tools needed to excel as project leaders..

Program Objectives:

At the end of this program the participants will be able to:

- Understand the significance of leadership skills to the project professionals and the impact of these skills on project performance.
- Review the key skills needed to be an effective, 'multi-dimensional' project leader and learn how to develop, adapt and apply them in practice.
- Learn how to identify the preferred leadership style for the context and organizational culture of a project and how to develop personal style versatility.
- Understand the role of the project leader in building an effective team and the skills required to promote and sustain team performance.
- Gain a better understanding of the interpersonal skills needed to motivate individual team members and harness the full potential of the team.

Targeted Audience:

- Project Managers.
- Managers, Supervisors, and Team Leaders.
- Project Technical.
- Workstream Leaders.

Program Outlines:

Unit 1:
