Simplification of Work Procedures

REF: A37 DATE: 13 - 17 May 2024 Venue: Bangkok (Thailand) - JW Marriott Bangkok Fee: 6960 Euro

Introduction:

All business activities are governed by work procedures. Much effort is spent on looking at how to establish and carry out procedures, and, while this is important, it sometimes overshadows the importance of effectively capturing and documenting the optimum method of carrying out the procedure.

This course shows how to design, develop, manage, control, implement, and monitor work procedures and associated Management System documents such as work instructions, forms, labels, and tags. It will also show how to analyze and simplify procedures.

Course Objectives:

At the end of this course the participants will be able to:

- Explain the purpose and advantages of a documented Management System.
- Explain a typical Management System documentation structure.
- Provide an understanding of how management documentation policies, procedures, work instructions, etc are developed.
- Consider who needs to be involved in the process of developing such documentation.
- Explain the sections in each type of document and the purpose and content of each section.
- Show how to write clearly each type of document, with specific emphasis on procedures.
- Show how to use process flowcharts in procedure writing.
- Explain how to analyze process flow charts with the aim of simplifying the procedure.

Targeted Audience:

- Quality Management Staff
- Human Resources Staff
- Managers and Head of Units
- All Staff Involved in Writing Procedures or Other Work Process-Related Documents.
- Those Managing the Procedure/Management System Documentation
- Those Involved in Auditing Work Procedures Documentation
