Legal writing and translation skills, techniques of drafting legislation and designing contracts

REF: U1506 DATE: 6 - 10 May 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

Attention to the issue of legal drafting is not merely taking care of the formal or procedural aspect, but its aim is to reach the application of the rule of law and good governance through the enactment of legislation well and sophisticated, and very clear and precise in the drafting, and all of this is consistent with the Constitution and does not conflict with the laws. Second, the concept is applicable to the general public and the quality of legal drafting is an important component of good governance because of its impact on the social, economic as well as political levels in the country.

The legal rules consist of two important elements of science and the element of legal drafting, where the science component relates to the essence and subject matter of the law, that is, the primary article of the law, and the factors that fall within its content, namely the creative forces in the law.
