Energizing People for Performance

REF: H2057 DATE: 27 - 31 May 2024 Venue: Amsterdam (Netherlands) - Fee: 5565 Euro

Introduction

The goal of energizing people for performance is to focus and coordinate employees' attention on strategic priorities. This training course on Energizing People for Performance will teach you how to create personal performance goals, essential competencies, and self-motivation.

It was created using top managers' methods and is in line with international best practices and benchmarks. This course will be especially helpful for managers who have no formal experience or training in performance management as well as for seasoned leaders who want to advance their skills.

Course Objectives

At the end of this course, participant will be able to:

- Utilize goal-setting, satisfying results, and success coaching to better manage and inspire both you and your team.
- Create a platform of performance-focused positive thinking to build high-performance teams and harness their potential.
- Make clear goals and objectives that people may use to achieve their personal, professional, and life goals.
- Learn delegation and empowerment strategies that will help you achieve your goals.
- Utilize motivational communication strategies to increase self-assurance.
- Achieving the right balance of results, accountability, responsibility, and empowerment
