Implementing Quality Assurance & TQM in Service Departments or Industry

REF: A1142 DATE: 16 - 20 December 2024 Venue: Paris (France) - Fee: 5940 Euro

Introduction:

Service departments offer a great opportunity for Quality Assurance and Quality Improvement. These departments have traditionally avoided reasonable measurement of performance - internal customer satisfaction - all this has now changed. Now dramatic measurable performance improvement in these areas has become possible - and it is measurable! This program teaches the Analysis Methodology and Technology that makes this possible.

After attending this program the participant will be able to guide such an implementation, he will be able to prepare the required implementation plans and checklists.

Participants will normally be motivated personnel from all service departments including Management, Engineering, Purchase, Utilities, Maintenance, Finance, Audit, Documentation, Administration, Personnel, HRD, Accounting.

Course Objectives:

At the end of this course the participants will be able to:

- Coordinate various department inputs into TQM/ISO9001:2010 Implementation.
- Better know Demonstrability and Accreditation.
- Prepare an audit checklist for your organization. Self Assessment.
- Application Procedure for third party assessment, Assessment procedure.
- Use of Computers Document Management Systems to aid TQM/ISO9001 Implementation.
