ITIL V4 (Information Technology Infrastructure Library)

REF: B1823 DATE: 8 - 12 December 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 4095 Euro

Introduction

Information Technology Infrastructure Library ITIL v4 Foundation introduces an end-to-end operating model for the creation, delivery and continual improvement of technology-enabled products and services. ITIL 4 Foundation is for anyone who needs to understand the key concepts of IT and digital service delivery, and who is interested in helping their organization embrace the new service management culture. It is for professionals at the start of their ITIL 4 journey or people looking to update their existing ITIL knowledge.

Course Objectives

At the end of this course the participants will understand:

- How modern IT and digital service organizations operate.
- How value streams increase speed and efficiency.
- How cultural or behavioral principles guide work that benefits the wider organization.
- How to use commonly-used service management terms and concepts.

Targeted Audience

- IT professionals who want to adopt ITIL in order to make service improvement in the Organisation.
- Individuals who require ITIL framework basic knowledge and wanted to enhance IT service management in the Organisation.
- Infrastructure teams.
- Government agencies.
- IT managers.
- Networking managers or technicians.
