# Tax Audit

REF: TR1926 DATE: 3 - 7 June 2024 Venue: Dusseldorf (Germany) - Fee: 5940 Euro

## Introduction:

The Tax Audit training program equips participants with the expertise to conduct thorough tax audits, focusing on legal and procedural aspects. It covers relevant laws and regulations, enabling participants to identify tax issues and ensure compliance. Through theoretical learning and practical exercises, participants develop skills to assess compliance and accuracy effectively.

## Program Objectives:

At the end of this program, the participants will learn about:

- Study the idea of and procedures for preparing for a tax audit in order to better understand why taxes are collected and what they are utilized for.
- Determine the circumstances in which tax reports and audits may be required
- What is the primary objective of tax audits?
- Examine how technology will affect the field of tax audits and determine the ideal time to get ready for tax audits.
- Recognize tax independence and use it in a situation.
- Find the parallels and distinctions between tax audits and other types of audits.
- Describe the differences between government and not-for-profit tax audits and standard tax audits.
- Learn how to carry out an audit from the beginning through the adoption of corrective measures.
