The 3 Phases of Contract Management

REF: U341 DATE: 27 - 31 May 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

Introduction

Commercial and business relationships are based on contracts of one type or another. These are becoming increasingly complex, and as trade becomes ever more international, the differences in approach between different legal and contracting systems becomes a greater issue. All business professionals need to understand what a contract does and does not require them and the other party to the contract to do, and the consequences for both parties of any failure. This course is intended to provide an understanding of contracting in the English language, but in an international context.

Course Objectives:

At the end of this course the participants will be able to:

- Develop an understanding of the role of contracts in the business world Explain how contracts are structured.
- Examine current thinking on contracting structures in an international context.
- Improve understanding of the main terms and conditions of contracts.
- Understand the importance of change management and control.
- Develop an appreciation of the collateral documents that work alongside contracts; including bonds, guarantees, letters of intent etc.
- Review the latest international thinking in alternative methods of dispute resolution.
