Category Management in Procurement

REF: L249 DATE: 16 - 27 September 2024 Venue: London (UK) - Landmark Office Space Fee: 8775 Euro

Introduction:

This new approach maximizes value from procurement by combining traditional techniques, with newer tools, techniques, and approaches. We will give an understanding of the Category Management methodology with the necessary working knowledge of how this approach can be used, and is now being used, by World Class companies.

This course shows how Category Management maximizes value from procurement by integrating supplier sourcing, supplier management, supplier development, and supplier relationship management.

Course Objectives:

At the end of this course the participants will be able to:

- Apply a thorough understanding of supply chain activities
- Identify, analyze and evaluate procurement opportunities
- Understand the key aspects in category management
