Conference: Risk And Crisis Management And Business Continuity

REF: C2147 DATE: 7 - 11 July 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 4095 Euro

Introduction

Crisis management is concerned with responding to, managing, and recovering from an unforeseen event. Risk management is concerned with identifying, assessing, and mitigating any activity or event that could cause harm to the business. Risks can be strategic or operational in nature. A business continuity plan BCP is a process that outlines the potential impact of disaster situations on business operations. It creates policies that respond to various situations to ensure a business is able to recover quickly after a crisis.
