Asset and Property Management Excellence

REF: M1552 DATE: 7 - 11 October 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

The Asset and Property Management Excellence training program offers comprehensive instruction and practical experience in effectively managing corporate assets and properties. Participants gain essential skills in asset acquisition, valuation, risk management, and insurance protocols, ensuring the efficient and secure management of organizational assets.

Program Objectives:

At the end of this program, the participants will be able to:

- Enhance understanding of corporate assets and properties, develop proficiency in managing and supervising assets, and improve skills in adding, buying, transferring, and tracking assets and properties.
- Learn methods for disposing of or selling unused assets and properties, understand valuation techniques and risk management strategies, and implement insurance protocols for asset protection.
- Negotiate effectively with insurance companies for appropriate coverage and cultivate a culture of asset management based on international best practices.
- Master depreciation accounting and inventory management, acquire computer skills for efficient asset and property management, and evaluate progress and skills at the end of the course.

Target Audience :

- Property managers and Property investors.
- Asset managers, Facilities managers and Risk managers.
- Real estate professionals.
- Financial analysts.
- Business owners.
- Insurance professionals.
- Legal advisors.
