The Agile Leader

REF: BV1974 DATE: 3 - 7 November 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 3520 Euro

Introduction

Many lessons have been learned as we move past the COVID's worldwide effects and into a new era of recovery, but none is more crucial than fostering business agility. Strong, imaginative, innovative, and creative Agile Leaders who comprehend and actively practice an Agile mindset are essential to the development of Business Agility. To maximize your leadership development, you must adopt this perspective and acquire a new set of leadership abilities, knowledge, and understanding.

The most crucial leadership quality now in the newly developing world is agile leadership, and those with this knowledge and awareness will succeed. This is crucial leadership development for individuals who want to "future-proof" their leadership development by utilizing cutting-edge Agile leadership and behavioral principles together with innovative and effective tools and thinking. The key component of this development is motivating others.

Course Objectives

At the end of this course, the participant will be able to:

- Recognize the effectiveness of agile leadership in the modern era of quick recovery.
- Improve your capacity for imaginative leadership and quick change
- Influence, motivate, and decide quickly while making decisions for the best outcomes.
- Improve your ability to lead others through active, dynamic change.
- empowering people to be dynamic and creative
- overcome opposition, and create a dynamic Agile business
