Advanced Project Management Tools and Techniques

REF: P331 DATE: 13 - 24 May 2024 Venue: London (UK) - Landmark Office Space Fee: 7950 Euro

Introduction:

Develop a solid foundation of project management tools and techniques critical to project success with this comprehensive program, structured after the PMBOK® Guide. Gain proficiency in advanced methodologies while discovering valuable, easy-to-use tools and techniques to navigate the entire project life cycle effectively. Master practices that ensure the success of any project in any type of organization.

Program Objectives:

At the end of this program, the participants will be able to:

- Identify and prioritize project requirements to ensure successful delivery and stakeholder satisfaction.
- Apply best practices to plan and run a project successfully using proven project management processes.
- Implement risk management tools and techniques for the identification, analysis, and development of strategies.
- Estimate resources and budgets, and schedule task work and duration with confidence.

Targeted Audience:

- Project managers and team leaders.
- Project coordinators.
- Business analysts.
- Team members assigned to projects.
- Project control professionals.
