ISO 22301 2019 Transition

REF: M1976 DATE: 29 April - 3 May 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

This training program provides in-depth knowledge about the updated clauses, additional and removed terminology, reduced prescriptiveness of the standard, and aids in your comprehension of how ISO 22301:2012 and ISO 22301:2019 differ from one another. Participants will be able to gain the knowledge they need to assist an organization in planning and implementing the ISO 22301:2019 modifications through this training, helping to hasten the process of switching from an ISO 22301:2012 BCMS to an ISO 22301:2019 BCMS.

Program Objectives:

At the end of this program, participants will be able to:

- Identify and comprehend the significant modifications and enhancements in ISO 22301:2019.
- Demonstrate proficiency in managing the transition process to ensure seamless compliance with the updated standard.
- Prepare for the ISO 22301 certification exam, then apply for a "Certified ISO 22301:2019 Transition" credential upon successful completion of the exam.
- Implement the changes made by ISO 22301:2019 to an existing business continuity management system BCMS in any organization.

Targeted Audience:

- Project managers and business continuity consultants.
- Experts with extensive experience attempting to develop a business continuity management system.
- Employees in an organization who are in charge of maintaining compliance with BCMS requirements.
- Team members of the BCMS.

Program Outlines:

Unit1:
