Sustainable Business Strategy

REF: ST2326 DATE: 15 - 19 July 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

This training course explores the meaning and role of business sustainability from a management perspective. It will discuss the emergence of, and rationale for employee engagement, encouraging delegates to reflect on how sustainability challenges are affecting, and being affected by business activity. The training course will consider how management's responsibility to shareholders for delivering financial returns might be balanced with meeting wider stakeholder expectations, highlighting mutual benefits to people, organisations and economies. This training course will invite delegates to reflect on how sustainability policies might be integrated with business strategy and operations, and how this may link with competitiveness and brand integrity.

Course Objectives:

At the end of this course the participants will be able to:

- Critically evaluate the meaning and role of sustainable business strategy
- Demonstrate innovative thinking for overcoming sustainability challenges from a management and organisational perspective
