Implementing and Managing a Customer Complaints System

REF: C550 DATE: 16 - 20 September 2024 Venue: Madrid (Spain) - Fee: 5850 Euro

Introduction:

This specialized conference tackles the issue of customer complaints by focusing on its two components: the behavioral aspect related to the individual employee who deals face to face with the complainant, and the system's or procedural aspect related to how the organization should process a complaint, every step of the way, from the moment it is raised to its conclusion. Relying on international best practices, the conference also covers the necessary preparations an organization must go through in terms of cultural development and openness before it can hope to benefit from complaints, recover complaining customers, improve internal processes and achieve new heights in customer satisfaction.

Conference Objectives:

At the end of this conference the participants will be able to:

- Understand the concepts and importance of customer feedback.
- Know the flow of customer feedback in an organization.
- Design a customer feedback system to enhance organizational performance.
- Improve the existing system and benchmark against world-class standards.
- Assess and audit complaints systems
