Finance for Managers

REF: F17 DATE: 17 - 21 June 2024 Venue: Munich (Germany) - Fee: 5940 Euro

Introduction:

Finance and Capital along with Management and Staff are the lifeblood of any business. This program focuses on the advanced skills necessary for making sound financial decisions in an increasingly competitive, volatile, and global market. Skills and decisions which will enable your company to remain competitive, minimize costs, maximize revenues, and also reduce/control risk.

Course Objectives:

At the end of this course the participants will be able to:

- Develop the Essential Advanced Skills of Financial Forecasting Budgeting and Control using Excel and the latest software to develop various forecasting models including Time Series Models, Exponential Smoothing, Regression, and Correlation Analysis.
- Analyze complex capital investment and financing decisions and provide recommendations for action using appropriate discount rates based on WACC and CAPM by applying Payback, ARR, NPV, Discounted Payback, IRR and MIRR using Excel including where capital is rationed/limited.
- Identify the key success factors/critical factors in their industry/division to evaluate current and future market/competitive trends in order to identify future Opportunities and Threats.
- Conduct advanced financial analysis using Excel® and the very latest techniques/methods that result in developing financial strategies and plans.
- Conduct company valuations with a focus on merger and acquisition decisions.
