Internal Control - Compliance, Operational and Financial Training Schedule

REF: BV2206 DATE: 5 - 9 May 2024 Venue: Cairo (Egypt) - Fee: 3520 Euro

Introduction:

The lecturer bases the lesson on presentations and examples. The outcomes of case studies and activities must also be presented by participants.

Conference Objectives:

At the end of this conference, the participants will be able to:

- Implement controls in the accounting processes.
- Assign functions and roles within the accounting department to maximize controls while optimizing performance.
- Assist in designing corporate business cycles to achieve better controls.
- Achieve segregation of duties and internal controls in the accounting department and related functions.
- Increase reliability on processes and decrease the likelihood of fraud through the organization.
- Comply with external reporting requirements by governmental and semi-governmental authorities.
- Develop operational policies and procedures in accordance with internal control requirement.
- Design and maintain financial controls.

Targeted Audience:

- Project personnel, contracts, tenders, purchases, and procurement
- Personnel involved in contract administration, engineering, operations, and maintenance
- Personnel for Risk, Claims, Finance, and Audit
- Professionals in project management
- All others who work for companies whose leaders demand high levels of proficiency from individuals engaged in these activities as well as those who plan, evaluate, prepare, and manage tenders, specifications, awards, and contracts that cover the procurement of materials, equipment, and services.
