Managing Teams for Innovation and Success

REF: M2069 DATE: 20 - 24 May 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

This training program is a strategic initiative designed to equip leaders with the skills and knowledge to effectively lead and nurture innovative teams. Through a combination of practical strategies, team dynamics analysis, and leadership development, participants learn to cultivate a culture of innovation and drive success within their teams and organizations.

Program Objectives:

At the end of this program, participants will be able to:

- Increase team innovation by utilizing the principles of design thinking.
- Determine and convey the roles of the manager and team members effectively.
- Study management techniques for addressing challenges posed by group dynamics, such as power struggles and conflict.
- Manage disagreements and leverage interpersonal techniques for achieving successful outcomes.
- Develop a personal leadership development plan by synthesizing ideas for future growth.

Targeted Audience:

- Employees identified as "high potential" or "fast track" management candidates.
- Managers concerned with competitive advantage and sustainability.
- Employees responsible for developing and implementing innovation, initiating and managing change, improving operational performance, creating and leading high performance teams and demonstrating empowering leadership.
- Professionals at all levels seeking to improve their team management skills.
