TOGAF Certification

REF: O1487 DATE: 2 - 6 September 2024 Venue: London (UK) - Landmark Office Space Fee: 6375 Euro

Introduction:

This TOGAF training covers The TOGAF® standard which is a standard of The Open Group and is used by the world's leading organizations to improve business efficiency. The Open Group TOGAF Certification Program, with over 75,000 certifications, enables Enterprise Architects and trainers around the globe to demonstrate their proven knowledge of the framework.

The purpose of the TOGAF 9 certification for the TOGAF Foundation qualification is to provide validation that the Candidate has gained knowledge of the TOGAF terminology, structure, and basic concepts, and understands the core principles of Enterprise Architecture and the TOGAF standard.

The TOGAF certification learning objectives at this level focus on knowledge and comprehension

Course Objectives:

At the end of this course the participants will be able to:

- Explore the basic concepts of Enterprise Architecture and the TOGAF standard.
- Explore the core concepts of the TOGAF 9 standard.
- Explore the key terminology of the TOGAF 9 standard.
- Explore the ADM cycle and the objectives of each phase, and how to adapt and scope the ADM.
- Explore the concept of the Enterprise Continuum; its purpose and constituent parts.
- Know how each of the ADM phases contributes to the success of Enterprise Architecture.
- Explore the ADM guidelines and techniques.
- Know-how Architecture Governance contributes to the Architecture Development Cycle.
- Explore the concepts of views and viewpoints and their role in communicating with stakeholders.
- Explore the concept of building blocks.
- Explore the key deliverables of the ADM cycle.
- Explore the TOGAF reference models.
- Explore the TOGAF certification program.

Targeted Audience:

- Individuals who require a basic understanding of the TOGAF 9 standard.
- Professionals who are working in roles associated with an architecture project such as those responsible for planning, execution, development, delivery, and operation.
- Architects who are looking for a first introduction to the TOGAF 9 standard.
- Architects who want to achieve Level 2 certification in a stepwise approach.
