Driving Performance Through Talent Management

REF: H214 DATE: 27 - 31 May 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

Introduction:

With the growth of the importance of integrated talent management systems, it is important that organizations design an effective and holistic talent management system, a system based on the company's strategic directive and integrated with other HR functions and processes. This course is designed to enable HR professionals to understand what talent management systems are, shed the light on associated tools, and design their own.

Course Objectives:

At the end of this course the participants will be able to:

- Identify the building blocks of talent management.
- Set up a talent management system.
- Define the linkages between organization excellence and effective people management
- Identify, keep, develop, and promote the best people.
- Coach, train, and develop super keepers.
- Integrate compensation with talent management so that they can retain their top people.
- Realize the role of IT in supporting a talent management system.

Targeted Audience:

- Senior and Middle Line Managers
- HR Executives
- Training Managers
- Persons involved in designing and setting up talent management systems that will allow the organization to create organizational excellence and continuously improve its bottom line

Course Outlines:
