Security Officer Development Program

REF: C681 DATE: 13 - 17 May 2024 Venue: London (UK) - Landmark Office Space Fee: 5850 Euro

Introduction:

Security Officers are professionals who work in a variety of organizations and with diverse groups of people. As such, they require the necessary skills and knowledge to enhance both personal and organizational performance. As quickly as the world and its continents change and develop, so do risks and threats of dealing with people of this world. Organizations can no longer view security departments and employees as lower-level functions. To ensure staff in these departments function effectively within the realm of the larger organizational objectives, security officers must have skills to lead their staff and department teams and individual officers have the required skills and expertise to provide an effective response to implementing successful security.

To achieve a consistent level of best practice in security, the officer needs to understand the requirements of the industry, their organization and department, their team, and their security projects.

This conference is designed to equip delegates with skill, knowledge, and ability to perform their duties to international standards and current best practices in security. The conference is an opportunity to develop security skills that will enhance any organization or individual officer's ability to handle conflict situations and security solutions. The conference is structured to develop knowledge in technical security areas of roles and functions, risk assessment, legislation, health/safety, incident control, and crisis management. This conference is designed to empower participants to have an opportunity to learn, understand, and practice techniques that make security work more efficient and effective, therefore creating conditions for productivity.

Conference Objectives:

At the end of this conference the participants will be able to:

- Identify best practice and effective policy implementation on leading security solutions
