Contract & Project Risk Management & Compliance

REF: C649 DATE: 28 October - 1 November 2024 Venue: London (UK) - Landmark Office Space Fee: 5850 Euro

Introduction:

One of the critical outcomes of contract and project management is to ensure that risks to owners and contractors are identified and controlled in a proactive way so that both parties are satisfied with the project outcome. While world-class project and contract management cannot, of itself, make risk "go away", it can, and should, identify the risks and opportunities, determine who is responsible for managing each individual risk, and for the consequences should the risk occur. We developed this interesting and fast-paced 2 part series to provide participants with:

Conference Objectives:

At the end of this conference the participants will be able to:

- Apply useful techniques to identify, analyze, mitigate, and monitor risks in the project life cycle.
- Use a practical, six-step process to manage project risk.
- Review the impacts of different approaches to risk allocation.
- Explore different contract types to transfer risks.
- Consider the contractual techniques to ensure effective risk allocation.
- Learn how to create an effective risk monitoring plan and risk management strategies.

Targeted Audience:

- Contracts, Tendering, Purchasing, Procurement, and Project Personnel
- Contract Administration, Engineering, Operational, and Maintenance Personnel
- Risk, Claims, Financial, and Audit Personnel
- Project Management Professionals
- And all others who are involved in the planning, evaluation, preparation, and management of tenders, specifications, awards, and contracts that cover the acquisition of materials, equipment, and services and who are in organizations whose leadership want high levels of competency in those involved in these activities

Conference Outlines:
