GRC Audit Certification (GRCA)

REF: A1818 DATE: 12 - 16 August 2024 Venue: Madrid (Spain) - Fee: 5300 Euro

Introduction

The GRC Auditor GRCA certification validates that you understand and can apply audit and assurance skills to evaluate established or planned GRC capabilities in your organization. It ensures that you have the versatile skill set to evaluate and report on the strengths and weaknesses in governance, strategy, performance management, risk management, compliance, ethics, internal control, security, privacy, and audit activities.

Become a versatile assurance professional who can audit governance, strategy, performance, risk, compliance, ethics, security, privacy, internal control, and other activities. The GRC Audit GRCA certification builds on the GRCP and demonstrates that you have the understanding and skills to audit the GRC capability model.

Course Objectives

At the end of this course the participants will be able to:

- Describe professional theoretical and practical knowledge in the area of Governance, Risk and Compliance,
- Including the relationship with Internal Auditing.
