Best Contract Management Practices

REF: U843 DATE: 17 - 21 June 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

The contract is a very important part of the business environment; it states the expectations of both parties and helps to resolve the negative issues. The contract management training course teaches the delegates how to manage the contract's creation, execution, and analysis for maximizing the financial performance efficiently and effectively. An effective contract management system improves the performance of the company and reduces financial risk. The delegates will learn the different fundamental criteria of contract management and they will also learn the necessary skills and techniques required to execute better partnership among the partners

Course Objectives:

At the end of this course the participants will be able to:

- Learn about contract management terminology
- Understand Key principles of contract management
- Understand the importance of effective contract management
- Understand contract lifecycle and stages of the contract management
