# Agile Thinking in a Changing Business World

REF: BV1988 DATE: 22 - 26 July 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

## Introduction

Agile project execution and business operations, including marketing techniques and campaigns, are essential and should be strategically led. Delegates will fully understand the fundamental components of this Agile Thinking in a Changing Business World training course, enabling them to improve their organizations' ability for innovation, adaptation, and success. They will get the ability to quickly and wisely reason in the face of uncertainty, enabling them to optimize their processes and prosper in a quickly evolving and extremely dynamic corporate environment.

## Course Objectives

At the end of this course, participants will be able to:

- Recognize the Agile mindset and its guiding tenets, including pragmatism, the power of choice, and context-sensitivity.
- Describe the tenets and procedures that foster agile thinking.
- Find and change present organizational and personal thinking that hinders agility.
- Practice agile tactics to replace unhealthy thought patterns with agile ones.
- Encourage significant and pertinent agile inputs while creating organizational strategies.
- Facilitate others' adoption of agile methodologies in their thinking and behaviors to achieve organizational goals.

## Targeted Audience
