

Privacy Information Management System:
ISO/IEC 27701 Lead Implementer

16 - 20 Decemder 2024
Paris (France)

Privacy Information Management System: ISO/IEC 27701 Lead Implementer

REF: A2003 DATE: 16 - 20 December 2024 Venue: Paris (France) - Fee: 5940 Euro

Introduction:

By enhancing an existing ISMS based on ISO/IEC 27001 and the guidance of ISO/IEC 27002, the ISO/IEC 27701 Lead Implementer training course enables you to develop the necessary expertise to assist an organization in establishing, implementing, maintaining, and continuously improving a Privacy Information Management System PIMS based on ISO/IEC 27701.

Course Objectives:

At the end of this course the participants will be able to:

- Learn the ideas, strategies, tactics, and procedures used in the setup and management of a PIMS.
- Find out how ISO/IEC 27701, ISO/IEC 27001, ISO/IEC 27002, and other standards and legal frameworks relate to one another.
- Recognize the main procedures and how a PIMS based on ISO/IEC 27701 operates.
- Learn how to apply ISO/IEC 27701's requirements to the unique circumstances of a company.
- Develop the knowledge necessary to assist a company in efficiently developing, executing, managing, overseeing, and sustaining a PIMS.

Targeted Audience:

- Managers and advisors working in the privacy and data management fields
- Advisers with extensive experience attempting to establish a Privacy Information Management System
- People in organizations that are in charge of and liable for Personally Identifiable Information PII
- Those in charge of upholding compliance with the rules governing data privacy
- Team members of PIMS
