Effective Contractor Management in Maintenance & Technical Projects

REF: U306 DATE: 2 - 6 December 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

This highly interactive Effective Contractor Management training seminar will ensure that delegates understand how contractor management will fit in the Asset Management context - how to select the right contractor and contract type which suits your sourcing strategy and how to manage and monitor the results. Further, topics such as risk management, safety-health-environment aspects, partnerships, negotiating, people management winning the hearts of the people, and applying contracts in a complex project environment Turnkey contracts, Public-Private Partnerships PPP will be considered in this Contracts Management training seminar.

Delegates will have the opportunity to discuss the existing contracts used in the organization. Through a combination of formal lectures and group work, delegates will leave the training course with the tools to make contracts and contract management highly effective.
