Business Financial & Accounting Skills

REF: F164 DATE: 5 - 9 May 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 3520 Euro

Introduction:

Effective planning and control entail developing skills that go far beyond mastery of any one discipline. This program addresses key issues, such as cost analysis, continuous improvement of cost assignment, budgeting, management control, and performance evaluation. In so doing, the program pushes participants to understand the cause-and-effect relationship between business strategy and vision, operational objectives, measures, and targets, as well as advanced performance measurement and reporting.

Course Objectives:

At the end of this course the participants will be able to:

- Master the finance and accounting language to understand business processes
- Analyze budgeting purposes and decision making
- Link strategy to costing and performance evaluation
- Understand costing and budgeting terminology used in business
- Determine the full costs of outputs for the goods and services provided
- Master traditional techniques and recent best practices
- Link finance and operation for budgeting purposes and strategy execution
- Learn how to build a comprehensive performance measurement system
- Enhance cost and budgeting awareness
- Understand how to construct a relevant and efficient budget
- Evaluate the usefulness of costing techniques in accurately calculating and ensuring profitability
- Expand their knowledge by linking budgeting to strategy and performance measurement
- Expand their understanding by linking financial and operational issues
