The Oxford 5-Day MBA in Finance

REF: F169 DATE: 14 - 18 October 2024 Venue: Casablanca (Morocco) - New Hotel Fee: 3685 Euro

Introduction:

Today's business professionals must understand the flow of financial resources. Such an understanding is needed daily; whether it is used to anticipate trends, evaluate company performance, or obtain funding. People from non-financial backgrounds are often called upon to make decisions based on modern financial controls, and they must have the know-how to navigate the financial systems that have a significant impact on their professional responsibilities.

This course designed to provide business professionals with a deeper understanding of corporate finance as practiced by today's most powerful companies. Designed specifically for non-financial personnel, this intensive seminar approaches the subject of finance as it relates to the corporation as a whole.

Course Objectives:

At the end of this course the participants will be able to:

- Understand the appropriate discount rate to be used in investment appraisal
- Understand the pros and cons of different types of financing
- Recognize the factors must be considered in deciding on a dividend policy
- Learn what is the exact nature and scope of the issue to be analyzed
- Define products are available to manage risk
- Understand why is correlation so important in managing risk
- Understand specific variables, relationships, and trends are likely to help analyze an annual report
