Value Creation: Developing Strategy and Decision Making

REF: ST2112 DATE: 13 - 17 October 2024 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel, Resort, Fee: 3520 Euro

Introduction

Corporate executives must be willing to integrate sustainability into their core operations, which means it must be integrated into the business plan and specifically evaluated for how much it contributes to the mission of the organization.

To determine where and how a company may thrive in systemic change, maintaining the core, generating the new, and delivering quickly, a winning value creation strategy is crucial.

Value Creation: Developing Strategy and Decision Making is a training program created to give participants the skills and information they need to analyze value-creating strategies. It does this by utilizing applicable theory and principles, interactive examples, and applications of diverse approaches.
