ESG Fundamentals

REF: I2298 DATE: 15 - 19 July 2024 Venue: London (UK) - Landmark Office Space Fee: 5300 Euro

Introduction:

The ESG Fundamentals is a specialized training program designed to provide participants with a comprehensive understanding of Environmental, Social, and Governance ESG principles, practices, and integration strategies. Through interactive sessions and case studies, participants will gain insights into ESG frameworks, reporting standards, risk management, and investment strategies aligned with sustainable development goals.

Program Objectives:

At the end of this program the participants will be able to:

- Understand ESG concepts, frameworks, and terminology thoroughly.
- Explore the business case for integrating ESG into investment decisions.
- Gain insights into evolving global ESG regulations and reporting standards.
- Integrate ESG factors into risk management and investment strategies effectively.
- Learn best practices for measuring, evaluating, and reporting ESG performance.
- Discover stakeholder engagement tools and sustainable business practices, alongside successful ESG case studies.

Targeted Audience:

- Investment and portfolio managers seeking to integrate ESG factors into investment strategies.
- Professionals working in corporate sustainability and social responsibility roles.
- Financial analysts and research professionals interested in ESG analysis.
- Risk managers and compliance officers responsible for incorporating ESG into risk frameworks.
- Sustainability consultants and advisors.
- Executives and decision-makers interested in understanding the value of ESG for their organizations.
- Researchers in the field of sustainable finance and corporate sustainability.

Program Outlines:

Unit 1:
